

Infrastructure Sector

The Sea wall & its Stair case at Ngomeni village

- ◆ Construction of Ngomeni Sea wall to protect the Ngomeni village from sea water intrusion & wave erosion
- ◆ Repaired sections of Mjanaheri – Ngomeni road
- ◆ Improved parking (cabro works) & road walkways at Malindi District hospital
- ◆ Upgraded Power (Installation of a transformer) at Malindi District hospital
- ◆ Construction & equipping of 3 wells at the Health Center, Secondary School & Primary School at Ngomeni
- ◆ Rehabilitated water system at Malindi District hospital
- ◆ Constructed 30,000 litre ferro cement tank at Mido-doni & Bura Primary Schools, Baricho, Dagamra & Sosoni Dispensaries

Impact of project

- ◆ **Education sector:** Provision of furniture & equipment alongside construction increased utilization of the constructed facilities
- ◆ Increased enrollment of school children
- ◆ **Health sector:** Construction of new health facilities increased the demand for service and more staffs
- ◆ Increased access to maternity services
- ◆ **Infrastructure sector:** Increased access to clean and safe water from the boreholes & rain water harvesting structures
- ◆ Ngomeni village has been secured hence more development (more construction and less loss of property and lives)
- ◆ Improved power supply in Malindi District hospital
- ◆ **Enterprise development sector:** Fishermen in Ngomeni were more empowered
